

Manual Output:-

The image shows a web browser window with a single tab titled "Carbon Footprint Calculator". The address bar shows the file path: "C:\Users\Hanh\OneDrive\Desktop\carbon-footprint-calculator\03-using-bootstrap\carbon.html". The main content area has a solid green background. Centered on this background is a white card titled "Carbon Calculator". Inside the card, there are three input fields with values 15, 25, and 50. Below these is a green "Calculate" button. Under the button, a red box displays the text "CO2: 88.00 (High)". At the bottom of the card is a red progress bar that is approximately 80% full.
